March 31, 2013

Dear Inner Wheel Friends,

As we celebrate Easter and Hanukah the spring season brings fairer weather. Gathering together to celebrate with family we are filled with all the hope that the spring season brings. We look forward to the flowers growing and the greening of trees about our homes.

In Inner Wheel our Conference will take place in April. Charleston will be abloom with color. In anticipation of the gathering of this good number of our Inner Wheel Friends we share all we have accomplished. In the service of our communities we have committed to making "Happier Futures-helping children around the world"

The concern for this year was increasing our membership. It has been helpful that friends in our community with similar service interest can be invited to join. At International Inner Wheel we have received help in the materials for including new members in our Inner Wheel Circle of Friends. At the www.internationalinnerwheel.org web site there is information, brochures, and pictures that are inspiring. The web site is helpful in many different ways. Once you are on the site click on Documents-Leaflets and you will see publications that you can download and share with your members. With these leaflets this information can be shared with a possible new member. If you have been frustrated by the International Inner Wheel Website in the past you will be pleased with the new look because it is easier to navigate.

International Inner Wheel wants each club to update its officers on the site. If you do not remember your g-mail account and password please email wallmbw@gmail.com and she will send it to you. Mary hopes to be at the conference. To enter your information, it is necessary to have your club's g-mail and password when you log on the www.internationalinnerwheel.org web site.

The important work of electing new officers for clubs and districts have been successful in looking forward to next year of Inner Wheel Friendship and service. This coming month new officers' installation will insure the future year is secure. Can we all take spirit, inspiration and knowledge away from the Inner Wheel Conference in Charleston to help our own club to grow?

The Conference is opened with a welcome from Inner wheel USA President. I think that I would like to share the thoughts that I found in the International Inner Wheel brochure. This is a description of our identity.

*"We are women in action,
working together to make
a difference and improve lives."*

In Inner Wheel Friendship and Appreciation, DONNA
