Membership in Inner Wheel provides an environment for developing strong friendships, for connecting with the needs in your community and becoming more internationally focused.

Founded in 1924, Inner Wheel is one of the largest women's voluntary service organizations operating throughout the world.

The Association of Inner Wheel Clubs in the United States was established in 1987. Clubs and their individual members may contribute to the Inner Wheel Foundation, which provides upper myoelectric limbs to children.

Inner Wheel clubs support the needs of their communities, focusing on women and children, and often partner with Rotary clubs on various projects or fundraisers.
